01. The supplier shall deliver within 5 to 15 days from the date of receiving conformation from Engineering Department. In case, the supplier fails to deliver the goods in time, then a penalty will be imposed.
02. Supplier needs to return at his own expenses, if the goods get rejected for non standard specifications.
03. 10% will be paid as advance. The rest payment will be made upon receipt challan duly endorsed by user / dept / site and quality approval by the management.
04. Final payment will be made through A/C payee Cheque after 30 days of delivery - upon satisfactory installation and service Report by KFG Engineering Department.
05. Installation and Commissioning works will be completed by the supplier free of cost. Installation, Commissioning and Testing of the Generator would be completed within 3 (three) working days from the date of delivery.
06. **Warranty/Guarantee** : 3,000 hours of running or 2 year warranty whichever comes first, effective from the date of installation & commissioning at site. If any manufacturing defect or any premature wear & tear is detected due to the usage then the faulty part(s) will be replaced/repared by the supplier within the warranty period. However, Warranty does not cover improper maintenance by the user, consumable items, servicing by unauthorized person, running the Generator above it's capacity or any unauthorized modification of the Generator.

07. The price includes VAT, TAX, Carrying, Loading, Unloading, Installation & Commissioning charge. The Generator will be installed in Basement or on Ground Floor level & does not include the cost of commissioning materials, such as, Power/Control Cable, Civil works, Ducting, Manual labor, Extension Work & any other materials that may be necessary for installation of the Generator.

07. Spare parts, after Sales Service & AMC:

Cross-World will maintain sufficient stock of spare parts at hand to meet regular repair & maintenance demands. Service engineers are always kept ready 24 Hours irrespective Friday/Holidays to meet emergency service to ensure uninterrupted power of the 800KVA Generator set. On-call service is also available to meet any type of emergency.

08. Supplier must visit the site for inspection of the technical details.

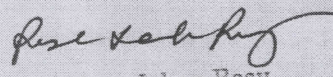

09. A technical team of KFG should per-inspect the product.

10. **Training:** Necessary Training for technical persons will be provided by **Cross-World** free of charge at the time of commissioning of the 800KVA Generator.

11. Supplier should provide the generator testing report of manufacturer.
