Dear sir,

Greetings from Cross World Power Limited, Please arrange the additional amount as per below mail confirmation on 31th January, 2019 regarding conversion rate.

At the time providing work order the sales value was **GBP 85,000.00+GBP 8,075 = GBP 93,075** and conversion rate was 1 GBP to **107 BDT**.

Now at the time of port clearing conversion rate is **1 GBP to 111.7935 BDT**

So you need to pay the additional amount Tk. 4,46,155.01, which calculation is given below;

At the time of providing work order = GBP 93,075 X BDT 107= BDT 99,59,025.00

At the time of port clearing = GBP 93,075 X BDT 111.7935 = BDT 1,04,05,180.01

Additional value = 1,04,05,180.01-99,59,025.00= 4,46,155.01

Please paid the additional amount Within Ten days after date of delivery the genset at your site .

Please confirm us today as soon as possible because of your two genset will be delivered today night from CTG Port to your site.

Thanks much

Dear sir,

Please be inform that At the time of work order conversion rate was 1 GBP to BDT 107.As per discussed with you If Conversion rate will be above BDT 108 **at the time of full payment** Additional amount will be paid by you **on the other hand** if conversion rate will be Lower than BDT 107 **at the time of full payment** this amount will be adjusted from rest of payment .

We are waiting for your valuable confirmation.

Please confirm us by mail as soon as possible.

Thanks much
