Dear Mr. Moshiur

In line discussion with you that during EID HOLIDAY vacation you have to do the rearranging of 650kVA & 800kVA generator at our VDSL, Ishwardi plant.

So take necessary preparation accordingly and share the materials list which you will use for that work as well manpower details.

Because during EID HOLIDAY work we need to take special permission from EPZ otherwise no one can enter inside the premises.

So, requesting to you pls share us how many days you need to do the work.

Later we will give you the period. Our factory holiday will start from 10th August.

Pls treat this the official confirmation from our end like work order.

Awaiting for your reply on it.

BR

Kawsar
