Dear Habib Vai,

Please find attached regarding EMCS review and observation for the riser BBT. Our recommendation is to follow the sizes of TOB & breakers as marked in the drawing.

And the submitted megger test report is acceptable.

Thanks

Dear Habib Vai,

We have reviewed the shop drawing of BBT riser diagram. Here is our observation are given below:

1. In the riser BBT drawing, Academy building's critical riser BBT rating are not match as per provided design drawing.
2. Please mention the break-up length of BBT.
3. In the as built riser diagram, please provide the as built rating of BBT and TOB.
4. Please provide the TOB rating as per design SLD drawing.
5. In the riser diagram, please provide with match of the approval quantity of BBT.

Thanks

Subject: Re: Factory Test Certificate from EAE regarding Aga Khan Academy (BBT)

Dear Mr. shamim

Please see the trial mail from EMCS. We needs shop drawing both academy and senior building for BBT also we needs megger test for BBT.

Please send your team by tomorrow for megger test as well as shop drawing.

We are also prepared installation BBT at senior building. Send your team by 03/11/2019. Before installation BBT we needs to confirm megger test.

On Mon, Oct 28, 2019 at 7:24 PM ERSLED JAMAN <emcs_bd@yahoo.com> wrote:

Dear Habib Vai,

Though BBT physical inspection have not done, so as per submitted Factory Routine Test Report data is acceptable.

But we did not get any shop drawings of BBT. It is necessary to ensure BBT size, fittings as per their shop drawing. All BBT and related fittings quantity need to be matched with the required of site condition. So, without shop drawings of BBT we cannot accept any installation. So, for approval please provide us in one file of BBT working/shop drawing with product selection data chart.

Thanks
