Ajax Sweater Limited – Member of Floreal Group

Terms and Conditions :

Payment Mode : 100% Payment by online (**CROSS WORLD POWER LTD**) for the local part along with work order (CW have to submit an invoice for the local part after delivery and job completion) and for the foreign part through LC at sight.

Delivery: 1600A and 800A BBT along with related accessories will be shipped via air and reach BD airport by 24th July, 2020 max (already got confirmation from Turkey), rest of the products will be shipped via sea but for the time being CW will provide all the required material other than the riser part from their ready stock as a loan which we will return back when our goods will be in-house (Ajax is ready to sign a loan agreement for this support). CW will start mobilizing products from their stock by 10th of July, 2020.

Installation and Commissioning: CW will start installation by 15th July, 2020 and complete the job by 30th July, 2020 except the riser and utility area, rest of the job will be completed by 1st August to 10th August, 2020 including commissioning as to do this job full facility power needs to shut down. Depending on the site condition CW may need to work sometimes after production hour that means after 6pm to 7am next morning to meet the project completion deadline.

Vat & AIT: Excluded from the local part payment.

Services: For the successful installation of the BBT along with the LT panel, CW will provide us the complete panel design as our existing ATX cum LT panel is cable feed. They need to ensure the connectivity issues of our DGset sync panel (Supplied by CW earlier) with the BBT.

Warranty: 1 year from the date of commissioning.

Best Regards & Thanks

Md. Amirul Islam.

Purchase Manager.
