Dear Sir,

As per our telephonic discussion, please note the blow points.

1. For up gradation of the breaker and busbar, additional BDT 30,000 is required. However as a gesture of goodwill, we would like to make it BDT 24,000.
2. Hence the total payment to be made is BDT 1,474,000 (1,450,000 + 24,000)
3. Advance payment made as BDT 300,000.
4. Payment to be made before delivery BDT 1,026,600
5. Payment to be made after commissioning (Final payment) BDT 147,400

6. If you agree with the terms, kindly provide us a confirmation and we will make the panel and transformer ready for visit with 7 days.

We will wait for your confirmation.

Best Regards
